

enLight10 Solutions, LLC

Veteran-Owned Small Business (SDVOSB Eligible)

Location: Honolulu, HI

Website: www.enlight10solutions.com

Email: info@enlight10solutions.com

Phone: (512) 986-0582

Core Competencies

- **Microsoft 365 GCC High Expertise**
Purview (CUI compliance), Sentinel (SIEM), Defender (EDR), Entra (IAM).
- **Cybersecurity Engineering**
Zero Trust architecture, threat hunting, cloud security, and security automation.
- **Compliance Support**
CMMC L2, NIST 800-171/172, DFARS, and DoDI 5200.48 alignment.
- **Managed Security Operations**
SOC/NOSC design and operations, log monitoring, incident response, and **agentic AI-augmented detections**.

Differentiators

- **Veteran-owned and DoD-focused** — direct Mission Partner and cyber operations leadership experience.
- **AI-Driven Roadmap** — building an **agentic AI SOC capability** for faster triage, clearer narratives, and scalable 24x7 response.
- **Zero Trust Expertise** — hands-on experience implementing **one of DoD's first Zero Trust networks** in the MPE environment.
- **Agile + Compliance-First** — small business flexibility with enterprise-grade engineering; every control tied to evidence ("evidence by design").
- **Subcontract-Friendly** — immediate cleared staff augmentation today, with roadmap toward offering managed SOC services directly.

Past Performance

- **SOSi – Director of NSOC:** Leading stand-up of a next-generation **AI-driven Network Security Operations Center** in the **Mission Partner Environment (MPE)**. Implementing **one of DoD's first Zero Trust networks**, integrating AI into SOC workflows, and overseeing analyst operations in partnership with DISA.
- **AMERICAN SYSTEMS – Cyber Ops Manager & Senior Cloud Security Engineer (Azure):** Directed SOC operations and cloud security engineering in Microsoft Azure. Helped the organization achieve **CMMC Level 2 compliance**, aligning technical controls with NIST 800-171/172.
- **USCYBERCOM – Threat Hunt Lead:** Operated at the **national level countering nation-state threat actors**. Led global deployments to allied countries to hunt for **Advanced Persistent Threats (APTs)**, deploying SIEM/EDR capabilities and conducting advanced IR against nation-state adversaries.
- **DoD Mission Partners:** Delivered managed SOC monitoring, compliance support, and CMMC readiness engagements across multiple mission partner organizations.

Company Data

- **UEI/DUNS:** [Insert once issued]
- **CAGE Code:** [Insert once registered in SAM.gov]
- **NAICS Codes:** 541512, 541519, 541611, 541690, 541330
- **Business Status:** Veteran-Owned Small Business (SDVOSB Eligible)
